

Join the Ad Hoc Coalition for Medicare Coverage Of Cholesterol Screening

As a member of the Ad-Hoc Coalition for Medicare Coverage of Cholesterol Screening, you will have the opportunity to support the American Heart Association's efforts to obtain Medicare Coverage of Cholesterol and other lipid screening tests in several ways.

At various times during the year, we plan to ask coalition members to make phone calls to Congress, write letters to Capitol Hill, and lend their name or their organization's name on letters of support being sent to Congress and the Administration. We may also call upon members to help with other grassroots efforts at critical times during the legislative process.

PLEASE PRINT – copy as necessary!!
