

# National Lipid Association

The National Lipid Association is a nonprofit, multidisciplinary medical society focused on enhancing the practice of lipid management in clinical medicine. The NLA represents more than 2,500 members in the U.S. and around the World as well as provides continuing medical education for physicians and other healthcare professionals to advance professional development and attain certification in clinical lipidology..

# who we are

The NLA proudly provides avenues for lipid focused education, practice enhancement and networking opportunities, and the development of personal relationships of the highest quality not available through other organizations.

# what we offer

- Professional development that includes **discounted registration fees** for all courses and educational activities
- A **complimentary subscription** and electronic access to the **Journal of Clinical Lipidology** and the **LipidSpin** magazine.
- Access to a members- only portion of the NLA website, where you will find news, job postings, and informational articles in lipidology, as well as access to **free online CME/CE activities**.
- Listing of your name and contact information on the lipid.org online membership directory.
